***MAJOR CONSTRUCTION WORK BY FOUNDATION:
CONFERENCE HALL, WELLNESS CENTER AND ROAD
PAVING***

'Archaeological Park: Bosnian Pyramid of the Sun' Foundation has achieved major sucess during 2018 season:

- Purchased six properties on Bosnian Pyramid of the Sun, discovering more concrete blocks and white crystal that covers the Pyramid
- Purchased more properties next to the Park 'Ravne 2'. One of them revealed existence of new tunnel network. Volunteers of 6-8 shift were given the opportunity to discover prehistorical tunnels, organic material and artifacts.
- Air Spa/Wellness Center has been built, it will start with the work early in 2019 (massage therapists, sound massage, diagnostic work – glucose in the blood, blood pressure, auric field, chakras, stress level, energy in the cell, PIP/NEV camera, etc.). Seven-day DETOX tour will start from here.
- Conference Hall, capacity 200 seats, has been built in the Park 'Ravne 2'. First events have been held, already. Conference Hall will be rented to organized groups for free.
- Foundation has built access roads to Wellness Center and Park Ravne 2.
- Regional Government and Visoko Municipality has been supporting Foundation's infrastructural projects.
- Campfires has been organized to honour Fall Equinox and Foundation's celerations.

We expect 2019 to be the most succesfull year ever in archaeological, scientific, energy, spiritual, healing, volunteer and touristic aspect.
